Meiyu Song

Product & UX Designer | User Research | Business Thinking

Product and UX designer combining user research, product thinking, commercial awareness and interaction design to turn complex problems into clear, useful digital products and service experiences.

Dublin, Ireland | songmeiyu033@gmail.com | linkedin.com/in/meiyu-song-26a6b4383

CORE SKILLS

UX research, product thinking, information architecture, B2B UX, user interviews, personas, requirements, journey mapping, Figma prototyping, evaluation, HCI research, human-centred AI, ethical design, accessibility, commercial awareness, storytelling and stakeholder communication.

SELECTED PROJECTS

Creative Key - A Physical-Digital Creative Access Journey

UCD x Creative Futures Academy | Collaborative HCI Project

- Helped translate user research into a connected service across a public kiosk, physical Creative Key and mobile companion.
- Contributed to participant recruitment and interviews, qualitative synthesis, stakeholder communication, prototyping and project storytelling.

Redesigning a B2B Website for a Sustainable Bio-Energy Company

Jianglan Bio-Energy Europe Website Redesign

- Contributed to website audit, information architecture, content structure, trust-focused communication and stakeholder feedback translation for a Dublin-based sustainable bio-energy company.
- Helped clarify communication around used cooking oil, SAF, certification, supply chains and B2B partnership credibility.

Designing a Decision-Support Platform for International Students

Immigration Cheat Sheets

- Completed a 13-week UX research and product design project using interviews, personas, requirements, competitor analysis, Figma prototyping, evaluation and reflection.
- Designed Quiz, Plan and Explore modules to help international students compare countries, universities and local areas.

Human-Centred AI Companionship for Older Adults

AI Companion Robots Research + A Day with ElliQ

- Combined qualitative HCI research on older adults, loneliness and AI companions with an interactive storytelling prototype.
- Explored trust, dependency, privacy, authenticity, ethical care, voice interaction, data visualisation and accessible storytelling.

EXPERIENCE

2026 - Present

UX / Website Redesign Intern

Jianglan Bio-Energy Europe Ltd. | Dublin, Ireland

- Analysed website communication problems around business capability, sustainability value, certification, supply-chain context and international user trust.
- Proposed clearer information architecture, homepage structure, navigation priorities and trust-focused B2B content.

Sep 2023 - Sep 2024

Education Consultant / Customer Experience & Operations

AFY Education Technology | Hangzhou, China

- Generated RMB 2.59M in cumulative signed sales during the Sep 2023-Aug 2024 reporting period and became a monthly sales champion within four months of joining.
- Identified user needs through one-to-one consultations and managed customer relationships across the consultation, conversion, follow-up and referral journey.

Dec 2021 - Aug 2023

Science Education Instructor / Public Engagement Facilitator

Zhejiang Science & Technology Museum | Hangzhou, China

- Planned and delivered interactive science programmes for children, families and schools, from activity design and preparation to facilitation, storytelling and post-event reflection.

EDUCATION

Aug 2025 - Aug 2026

MSc Human-Computer Interaction - Second Class Honours, Grade 1 (2H1)

University College Dublin | Dublin, Ireland

2016 - 2020

BA Drama & Film Literature / Performance

Xi'an International Studies University | Xi'an, China
